

Don't Give Fires A Fighting Chance.

When you're battling a fire, your equipment should be there to back you up. Rosenbauer customized tankers hold up to 3500 gallons of water and feature quick, efficient offloading systems and high-powered pumps to douse any flame. Choose the tools you need and rely on Rosenbauer to help you fight the battle.

Efficient storage and unloading.

A manual enclosed fold-down drop tank carrier with slide-in ladder storage holds everything you need at ground level, while a 10' dump valve with telescopic extension guarantees rapid unloading.

Commercial Side Mount Pumper Tanker

1250 GPM Pump
1800-Gallon Poly Tank
Three Manual Dump Valves

Commercial Top Mount Pumper Tanker

1250 GPM Pump
1500-Gallon Poly Tank

Better water management for better performance.

A manual tube-style fold-down drop tank carrier and rear 10' stainless dump valve with telescopic extension provide economic water storage and quick unloading.

Ground-level access to everything you need.

Access equipment easily and safely with an over-the-top power drop tank carrier and slide-in ladder storage at ground level.

(Above) Quick, hassle-free unloading.

Three 10' power dump valves with power extensions feature controls at the valve and in the cab, making unloading operations faster and easier.

(Left) Faster portable tank access.

An enclosed power drop tank carrier gives easy access to the portable tank, ensuring you're prepared for anything.

Commercial Elliptical Tanker

750 GPM Pump
2500-Gallon Poly Tank

Commercial Full Width Tanker

500 GPM Pump
2000-Gallon Poly Tank

More options for flexible unloading.

Fold-down and through-the-tank drop tank storage keeps the drop tank accessible from ground level, while a 10' manual rear dump valve with swivel extension unloads water in a full 180° radius from left to right.
